

CERTIFICATE OF CONFORMITY

TRADING WITH QATAR

Intertek's Total Quality Expertise supporting
Exporters and Importers comply with the
Conformity Assessment Programme in Qatar

Exporters/Importers of vehicle spare parts trading with Qatar need to comply with the requirements of memo (Ref:HM/8/2011/1793) issued by the Government of the State of Qatar, through the Qatar Ministry of Business and Trade Department of Consumer Protection and the Qatar General Organisation for Standards and Metrology (QGOSM).

Vehicle spare parts including safety belts, wheel rims and brake pads are required to have a Certificate of Conformity (CoC) for customs clearance in Qatar.

Vehicle Tyres do not require a separate CoC as Qatari Customs and QGOSM will accept Gulf Standard Organisation (GSO) conformity certificates instead of CoCs.

The purpose of this requirement is to ensure that only genuine spare parts are available to Qatari Consumers.

The requirements for Qatar

Every consignment of imported goods which contains regulated products must be accompanied by a CoC issued by your local Intertek Office prior to shipment.

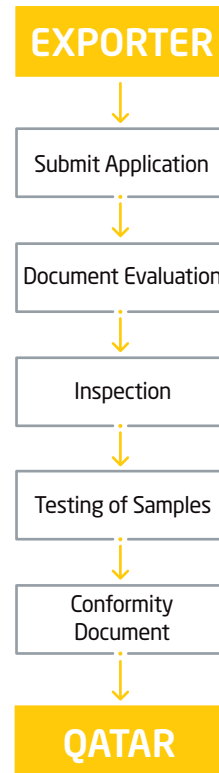

- The CoC is required to ensure smooth Customs clearance of shipments in Qatar.
- The CoC confirms that the products comply with the relevant Qatari technical regulations and approved standards.
- The authorities in Qatar may take random samples from imported consignments to verify compliance.
- Additional details on the procedure and a list of Regulated Products currently requiring certification are available at www.intertek.com/government

The Intertek Solution helping you export to Qatar

Intertek has experience in providing solutions to businesses exporting a wide range of products worldwide. We have undertaken more assessments of more products for longer than any other organisation.

- Intertek has a global network of offices

Exporter routes to certification for Qatar

CoC - Certificate of Conformity

that have operated conformity programmes for many years, issuing over 1.5 million certificates and test reports.

- Our staff are experts on Qatari standards and requirements as well as understanding the needs of exporters and importers.
- Intertek has one of the world's largest networks of laboratories, authorised to test to Qatari requirements including vehicle spare parts and many others.
- Intertek is fully committed to supporting Governments in achieving their sustainability targets by protecting their environment from unsafe and poor quality goods.
- The Certificate of Compliance is recognised and trusted by the Qatar Department of Consumer Protection and by Qatari Customs.
- Intertek can provide a tailor-made service that meets your particular needs, including:
 - Submission of assessment requests online
 - Automated e-mails for status of certificates

- Flexible certificate delivery solutions for high volume users
