When ordering labels, the normal procedure is that Intertek US issue a pre-payment invoice. The labels are then shipped *upon receipt of payment* (shipment is normally done 7-10 after receipt of payment).

Handling fee, \$10 will be added.

If you wish to expedite the order, we can arrange for the labels to be shipped *upon receipt of order* (normally 7-10 days after the order is placed). The invoice will then be issued by Intertek Stockholm with 30 days payment term. The additional cost for orders invoiced via Stockholm will be \$100.

15% additional charge on the total cost will be added for urgent orders (48 h delivery) regardless of bill from office.

The price for labels does not include shipping and handling cost. If you do not have a FedEx, UPS or DHL account number, then the shipping and handling cost will be added to the invoice.

Please see page 3 of ETL Certification Rates- 2022 - **General Information 2022 EMEA** for information about labeling
